(Incorporated in the Republic of Singapore)

**ANNOUNCEMENT PURSUANT TO RULE 704 OF THE LISTING MANUAL OF
SINGAPORE EXCHANGE SECURITIES TRADING LIMITED**

1. Introduction

Singapore Telecommunications Limited wishes to announce that ADSB Telecommunications B.V. has determined an offer price of Euros 24.50 per share in connection with the initial public offering of shares in Belgacom by ADSB and the listing of all the shares of Belgacom on the First Market of Euronext Brussels. Please refer to the attached copy of the press release issued by Belgacom dated 21 March 2004 for further details.

The offer price was determined following an international book-building process that closed on 19 March 2004. The total number of shares offered by ADSB in the IPO is 133,051,941 or, including the over-allotment option granted by ADSB to the underwriters, 138,857,135.

Including proceeds from the IPO and the 2004 share repurchase (see paragraph 2 below for further information):

- SingTel's share of ADSB's gross proceeds is Euros 1,070 million or, including the over-allotment option, Euros 1,107 million, and
- the resultant net gain to SingTel is estimated to be between S\$900 million and S\$950 million, after minority interests.

The estimated net gain above is calculated based on information presently available to SingTel. SingTel will disclose the final net gain when it announces its financial results for the full financial year ending 31 March 2004.

Upon commencement of trading in Belgacom shares on 22 March 2004, SingTel's effective interest in Belgacom will be reduced to 0.42 per cent., excluding the over-allotment option. If the over-allotment option is fully exercised, SingTel will no longer have an interest in Belgacom.

ADSB and other existing shareholders of Belgacom have, subject to certain exceptions, agreed to a moratorium on transactions involving Belgacom securities for 180 days from the commencement of trading of the Belgacom shares.

2. IPO-related Transactions

On 19 March 2004, ADSB transferred 10,000,000 Belgacom shares, representing approximately 5.3 per cent. of the total number of Belgacom shares held by ADSB at the time of the transfer, to Dexia Bank Belgium S.A., KBC Bank N.V. and Sofina S.A. in exchange for all the shares held by these Belgian investors in Financiere ADSB B.V., a shareholder of ADSB.

Following the determination of the offer price, on 20 March 2004, Belgacom repurchased 38,761,905 shares held by ADSB at the offer price of Euros 24.50 per share, for an aggregate of Euros 950 million.

These transactions have resulted in a reduction of ADSB's interest in Belgacom to approximately 39.8 per cent., and an increase in SingTel's interest in ADSB to approximately 28.4 per cent. Following these transactions and prior to the allocation of shares to investors, SingTel's effective interest in Belgacom is approximately 10.17 per cent.

3. Proceeds from and Financial Impact of IPO and IPO-related Transactions

On the basis of the offer price, ADSB's gross proceeds from the IPO, excluding the proceeds from the over-allotment option, will amount to approximately Euros 3,260 million. If the over-allotment option were exercised in full, ADSB's gross proceeds would increase to approximately Euros 3,402 million. These amounts do not include the expenses and related transaction costs payable by ADSB.

ADSB will receive approximately Euros 928 million pursuant to Belgacom's share repurchase exercise in 2004, taking into account an agreed adjustment made in connection with the share repurchase effected by Belgacom in December 2003. ADSB will also acquire 500,000 shares in Financiere ADSB B.V. pursuant to the share exchange.

SingTel's share of the gross proceeds from the IPO and the 2004 share repurchase by Belgacom is as follows:

Gross proceeds	Excluding over-allotment option	Including over-allotment option if exercised in full
	(€ million)	(€ million)
IPO	833	870
2004 share repurchase	237	237
Total gross proceeds	1,070	1,107

SingTel expects to receive its share of the net proceeds by early April 2004.

SingTel had, in early January 2004, also received Euros 83 million as its share of ADSB's proceeds from the 2003 share repurchase by Belgacom, which was announced on 31 December 2003.

SingTel will not be able to determine precisely the carrying value of SingTel's effective interest in Belgacom (and hence the precise value of the resultant net gain from these transactions) until after Belgacom's accounts for March 2004 have been closed. These accounts are expected to be available in late April 2004. SingTel will disclose the carrying value and the resultant net gain when it announces its financial results for the full financial year ending 31 March 2004.

SingTel will record the net gain resulting from these transactions in its financial results for the quarter ending 31 March 2004.

4. Rationale and Benefits

SingTel's investment focus is in Asia and this divestment is in line with the company's intention to rationalise its investments outside the region. The IPO provides SingTel with a suitable opportunity to realise the value of its investment in Belgacom.

SingTel will consider a number of options with regards to the use of the net proceeds from the share repurchases in 2003 and 2004, and the IPO (with and without the exercise of the over-allotment option). These options include the payment of a special dividend, a share buyback and other capital management strategies.

By Order of the Board

Chan Su Shan (Ms)
Company Secretary

Belgacom IPO

ANNOUNCEMENT OF OFFER PRICE OF €24.50 PER SHARE **OFFER PROCEEDS OF €3.3 BILLION**

Belgacom SA/NV and ADSB Telecommunications B.V. today announce further details relating to the offering of Belgacom shares by ADSB and the listing of all shares of Belgacom on the First Market of Euronext Brussels under the symbol "BELG". The institutional book-building and the Belgian retail offering periods closed on 19 March 2004.

- **The Offer Price is €24.50 per share, near the middle of the price range of €23.00 to €26.50 per share:**
 - The total number of shares sold by ADSB is 133.1 million, and assuming the over-allotment option is exercised in full, will be 146.4 million shares (including 7.5 million by Dexia and KBC);
 - The total number of shares repurchased by Belgacom from ADSB concurrently with the offering is 38.8 million shares for an aggregate amount equal to €950 million;
 - The total proceeds of the offering, excluding the shares covered by the over-allotment option is €3,260 million and assuming the over-allotment option is exercised in full, will be €3,586 million;
 - The implied market capitalisation of Belgacom (excluding shares owned by Belgacom) is approximately €8.6 billion, assuming all 3.0 million shares that have been offered to employees and officers of the Belgacom Group under the employee offering will be sold; and
 - Assuming the over-allotment option is exercised in full, ADSB will no longer hold any shares in Belgacom.
- **Demand for shares was strong**, both in Belgium and internationally. The offering was more than three times oversubscribed.
 - The demand in the **institutional tranche** was more than three times the number of shares initially offered in the institutional tranche (i.e. 85% of the total number of shares offered in the offering, excluding the shares subject to the over-allotment option).

- The demand from **retail investors** was strong at approximately two and a half times the shares initially offered (i.e. 15% of the total number of shares offered in the offering), representing demand in excess of €1 billion. Following the success of the early subscription period, the retail offer was increased to 17% of the total number of shares offered. As a result, 22.6 million shares will be allocated to retail investors in Belgium.

Subject to the closing of the offering, shares will be allocated to retail investors on the basis of an allocation grid which is set out below.

- Belgacom has cancelled the 12.4 million shares purchased from ADSB in 2003. **The total number of Belgacom shares after the offering** will therefore be approximately 387.6 million including shares held by Belgacom and 351.9 million excluding shares held by Belgacom (assuming all shares offered to employees and officers of the Group are subscribed).
- Concurrently with the offering, **Belgacom has repurchased** 38.8 million shares from ADSB at the offer price for a total consideration of €950 million. The voting and dividend rights associated with these shares, are suspended as long as they are held by Belgacom. A portion of these shares (up to a maximum of 3.0 million shares) will be offered to employees and officers of the Belgacom Group as part of the employee offering. Final results of the employee offering are not yet available, and will be released on 29 March 2004. Assuming employees and officers purchase all shares offered in the employee offering, the shares held by Belgacom as treasury stock will represent 9.2% of the company's issued capital.
- **On 20 March 2004 the General Meeting of Shareholders of Belgacom has appointed the following eight persons nominated by the Board of Directors on 19 February 2004 as independent directors of the company** in replacement of eight (of the nine) current directors appointed upon proposal of ADSB: Mrs. Carla Cico, Mr. Pierre-Alain De Smedt, Mrs. Carine Doutrelepont, Mr. Philip Hampton, Mr. Georges Jacobs, Mr. Maurice Lippens, Mrs. Lutgart Van den Berghe and Mr. Philippe Van de Vyvere. Mr. Lloyd Kelley, the ninth ADSB director, will resign effective the next board meeting and be replaced by a ninth independent director through cooptation.

News Release

Belgacom IPO is a resounding success

SingTel's net gain estimated to be between S\$900 million and S\$950 million

Singapore, 21 March 2004 - Singapore Telecommunications Limited (SingTel) said today that it is pleased with the outcome of Belgacom's IPO, which was more than three times oversubscribed.

There was strong demand for Belgacom shares both in Belgium and internationally. The offer price of €24.50 per share was determined following the international book-building process that ended on 19 March 2004.

Belgacom and its shareholders have completed a series of IPO-related transactions, including share repurchases by Belgacom in 2003 and 2004. SingTel received €83 million in January from the 2003 share repurchase, which was announced on 31 December 2003.

With the successful listing of Belgacom, SingTel will receive €1,070 million, or, if including the over-allotment option, €1,107 million from the IPO and the 2004 share repurchase. These figures are before related expenses and transaction costs and after minority interests.

Based on the information presently available to SingTel, the resultant net gain to SingTel on the disposal is estimated to be between S\$900 million and S\$950 million.

SingTel will record its net gain from these transactions in its financial results for the fourth quarter ending 31 March 2004. SingTel expects to receive these proceeds by early April 2004.

Upon closing of the IPO on 25 March 2004, SingTel's effective interest in Belgacom will be reduced to 0.42 per cent, excluding the over-allotment option. If the over-allotment option is fully exercised, SingTel will no longer have an interest in Belgacom.

SingTel will not be able to determine the precise carrying value of its effective interest in Belgacom and net gain from these transactions until after Belgacom's accounts for March 2004 are closed. SingTel will disclose the actual financial gain when it announces its financial results in May for the full year ending 31 March 2004.

Mr Lee Hsien Yang, President & CEO of SingTel, said: "Over the past eight years, SingTel has been working very closely with its partners in ADSB. Our contribution has helped build and shape Belgacom into the leading telecommunications company in Belgium. The listing of Belgacom is good for the company and its shareholders as it takes the company into the next phase of its corporate development.

"It also provides us with a suitable opportunity to realise the value of our investment in Belgacom. The cumulative return on SingTel's investment in Belgacom is more than three times over our original cost of investment, representing an average annual return of 17 per cent.

"SingTel's divestment of Belgacom is in line with the company's intention to rationalise its investments outside the region. SingTel will continue to focus on Asia and build on its regional assets.

"The Board of Directors will consider a number of options with regards to the use of the proceeds from this divestment. These options include the payment of a special dividend, a share buyback and other capital management strategies."

The underwriters have until 20 April 2004 to exercise the over-allotment option. Trading of Belgacom shares on the First Market of Euronext Brussels will commence on 22 March 2004 at 9.30am Central European Time.

SingTel exits Belgacom

Underwriters of Belgacom IPO exercise over-allotment option fully

Singapore, 26 March 2004 - Singapore Telecommunications Limited (SingTel) announced today that it no longer has an interest in Belgian telecommunications provider, Belgacom, following the full exercise of the over-allotment option granted to the underwriters of Belgacom's IPO.

SingTel's total proceeds from the IPO and related share repurchases by Belgacom in 2003 and 2004 will amount to €1,190 million.
